

SURFACT-ON

DRIFT REDUCTION AGENT

PRODUCT INFORMATION AND DIRECTION FOR USE

Surfact-ON is a utility modifier intended to reduce drift and reduce off-target movement of the active ingredient in the spray solution. When used with pesticides, Surfact-ON functions by minimizing the formation of driftable fines that are more likely to drift off-target. Surfact-ON is designed for use with herbicides, insecticides, and fungicides. Surfact-ON must be the last component added to the spray tank before completely filling with water. Do not premix with other adjuvants before filling the tank with water.

INGREDIENT: Proprietary drift reduction agents.....100%

SUGGESTED USE RATE: 80-120 mL/acre

NOT FOR AQUATIC USE. BEFORE USING THIS PRODUCT READ THE ENTIRE LABEL AND PRODUCT SAFETY DATA SHEET.

ATTENTION

Extreme care must be taken when applying any pesticide to prevent injury to desirable plants and crops. A pesticide product may kill, seriously injure, or reduce yields of many desirable forms of vegetation including flowers, fruits, grapes, tomatoes, ornamentals, vegetables, cotton, soybeans, tobacco, beans, and other desirable non-target plants. Minute quantities of spray may cause severe plant response. Read and follow Spray Drift Management section of the pesticide label. It is suggested to use a smoke generator or other means at or near the application site for the detection of air movement, air stability, or temperature inversions. An adjuvant or surfactant only may decrease, but no prevent, the likelihood of spray drift. Spray Drift Management: A variety of factors including weather conditions (e.g. wind direction, wind speed, temperature, relative humidity) and method of application (e.g. ground, aerial, airblast, chemigation) can influence pesticide drift. The applicator must evaluate all factors and make appropriate adjustments when applying this product.

STORAGE & DISPOSAL

Store product in original container tightly closed. Keep packaging closed, securely fastened, and upright. Do not store near heat or open flame. Do not reuse container. Do not allow product to freeze. In cold weather, this product may stratify or freeze. If this occurs, thaw and remix before using. Store above 45 F/7 C. Do not reuse this container for any purpose. This is a recyclable container, and is to be disposed of at a container collection site. Contact your local distributor/dealer or municipality for the location of the nearest collection site. Before taking the container to the collection site: 1. Triple or pressure-rinse the container. Add the rinsings to the spray mixture in the tank. 2. Make the empty, rinsed container unsuitable for further use. If there is no container collection site in your area, dispose of the container in accordance with provincial requirements. For information on disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for clean-up of spills.

WARNING

Combustible liquid. Causes serious eye irritation. KEEP OUT OF REACH OF CHILDREN.

FIRST AID

IF SWALLOWED : If victim is conscious and alert, wash out mouth with water and keep at rest. IF IN EYES: Hold eyelids open and flush with a steady, gentle stream of water for at least 15 minutes. IF ON SKIN: Immediately wash with plenty of soap and water for at least 5 minutes. Seek medical attention if irritation develops or persists. Remove contaminated clothing and shoes. Clean contaminated clothing and shoes before reuse. IF INHALED: If respiratory tract irritation or distress occurs, remove victim to fresh air. Seek medical attention if respiratory irritation or distress continues.

IN THE EVENT OF AN EMERGENCY, CALL 1-888-CAN-UTEC (226-8832)
