

IPCO MSO ADJUVANT

SAFETY DATA SHEET

1: CHEMICAL PRODUCT AND COMPANY IDENTIFICATION

Product Name: IPCO MSO Adjuvant
Product Use: Agricultural Adjuvant
Pest Control Product Number: 33757
Manufacturer /Supplier: INTERPROVINCIAL COOPERATIVE LTD.
945 Marion St.
Winnipeg, Manitoba
R2J 0K7
www.ipco.ca
Phone Number: 204.233.3461
Emergency Phone: CANUTEC: 1-888-CAN-UTEC (226-8832), 613-996-6666 or *666 on a cellular phone.
Effective Date: March 12, 2025

2: HAZARD IDENTIFICATION

Physical hazards: Non classified
Health hazards: Skin corrosion/irritation (Category 2)
Serious eye damage/eye irritation (Category 1)
Environmental hazard: Not classified.
Label elements:

Signal word: Danger
Hazard Statement: Causes skin irritation. Causes serious eye damage.

Precautionary statement

Prevention: Wash thoroughly after handling. Wear protective gloves. Wear eye protection.
Response: IF ON SKIN: Wash with plenty of water. Take off contaminated clothing and wash it before reuse.
Specific treatment (see information on this label). If skin irritation occurs: Get medical attention. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor.
Storage: Store away from incompatible materials.
Disposal: Dispose of container in accordance with local, regional, national and international regulations.
Other hazards: None known.
Supplemental information: Classification in accordance with Canada WHMIS 2015 regulation. Exempt - Registered product - (PCP 33757).
This product is not subject to the Hazardous Products Act (HPA) Part II (Hazardous Products) as per paragraph 12(j); Schedule 1 (Non-Application of Part II).
This restriction states that Part II does not apply in respect of the sale or importation of anything listed in Schedule 1 which includes any pest control product as defined in subsection 2(1) of the Pest Control Products Act, any explosive as defined in section 2 of the Explosives Act, any cosmetic, device, drug or food, as defined in section 2 of

In case of emergency call CANUTEC at 613-996-6666

Interprovincial Cooperative Ltd.; Information Phone: 204-233-3461

Effective Date: March 12, 2025

PCP#33757

the Food and Drugs Act, any consumer product as defined in section 2 of the Canada Consumer Product Safety Act and any wood or product made of wood.

3: COMPOSITION AND INFORMATION ON INGREDIENTS

COMPONENT	CAS NUMBER	% (W/W)
Surfactant blend	Mixture	100

All concentrations are in percent by weight unless ingredient is a gas. Gas concentrations are in percent by volume

4: FIRST AID MEASURES

Eye contact:	IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses if present, after the first 5 minutes, then, continue rinsing eye. Call a poison control center or doctor for treatment advice.
Skin contact:	IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
Inhalation:	IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.
Ingestion:	IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. DO NOT induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.
Most important symptoms/effects, acute and delayed:	Severe eye irritation. Symptoms may include stinging, tearing, redness, swelling, and blurred vision. Permanent eye damage including blindness could result. Skin irritation. May cause redness and pain
General information:	Keep out of reach of children. Avoid contact with eyes and skin. If you feel unwell, seek medical advice (show the label where possible). Show this safety data sheet to the doctor in attendance. NOTICE TO USER This pest control product is to be used only in accordance with the directions on the label. It is an offence under the Pest Control Products Act to use this product in a way that is inconsistent with the directions on the label. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

5: FIRE-FIGHTING MEASURES

Suitable extinguishing media:	Water fog. Foam. Dry chemical powder. Carbon dioxide.
Unsuitable extinguishing media:	Do not use water jet as an extinguisher, as this will spread the fire.
Specific hazards arising from the chemical:	During fire, gases hazardous to health may be formed.
Hazardous combustion products:	May include and are not limited to: Oxides of carbon.
Special protective equipment and precautions for firefighters:	Self-contained breathing apparatus and full protective clothing must be worn in case of fire.
Firefighting equipment/instructions:	Move containers from fire area if you can do so without risk.
Specific methods:	Use standard firefighting procedures and consider the hazards of other involved materials.
General fire hazard:	No unusual fire or explosion hazards noted.

6: ACCIDENTAL RELEASE MEASURES

In case of emergency call CANUTEC at 613-996-6666
 Interprovincial Cooperative Ltd.; Information Phone: 204-233-3461
 Effective Date: March 12, 2025 PCP#33757

Personal precautions:	Keep unnecessary personnel away. Keep people away from and upwind of spill/leak. Wear appropriate protective equipment and clothing during clean-up. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing. Ensure adequate ventilation. Local authorities should be advised if significant spillages cannot be contained. For personal protection, see section 8 of the SDS.
Environmental precautions:	For information on disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for clean up of spills. Never return spills to original containers for re-use. Avoid discharge into drains, water courses or onto the ground. Do not discharge into lakes, streams, ponds or public waters.
Methods and materials for containment and clean up:	Soak up spill with absorbent material (kitty litter, granular clay, soil) and collect into a waste container. Wash spill site with water after material pick-up and dispose with waste. See DISPOSAL statement below.

7: HANDLING AND STORAGE

Precautions for safe handling:	Avoid contact with eyes, skin, and clothing. Provide adequate ventilation. Wear appropriate personal protective equipment. Wash thoroughly after handling. Use good industrial hygiene practices in handling this material. When using do not eat or drink.
Conditions for safe storage including any incompatibilities:	Store in a cool, dry and well-ventilated area. Keep in original container tightly closed in a safe place when not in use. Keep away from food, drink and animal feedstuffs. Store away from incompatible materials (see Section 10 of the SDS). Keep out of reach of children. Do not freeze. For optimum storage store above 5° C.

8: EXPOSURE CONTROLS AND PERSONAL PROTECTION

Occupational exposure limit:	No exposure limits noted for ingredient(s).
Biological limit values:	No biological exposure limits noted for the ingredient(s).
Appropriate Engineering Controls:	Good general ventilation (typically 10 air changes per hour) should be used. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not been established, maintain airborne levels to an acceptable level.

Individual protection measures, such as personal protective equipment

Eye/Face Protection:	Wear safety glasses with side shields (or goggles) and a face shield.
Skin protection	Wear suitable protective clothing. As required by employer code.
Hand:	Impervious gloves. Confirm with reputable supplier first.
Other:	Wear appropriate chemical resistant clothing. As required by employer code. During mixing, loading, application, spill clean-up and sprayer clean-up, maintenance or repair, wear coveralls over a long-sleeved shirt, long pants, chemical-resistant gloves, socks and chemical-resistant footwear. In addition, wear protective eyewear (goggles or face shield) during mixing and loading.
Respiratory protection:	Where exposure guideline levels may be exceeded, use an approved NIOSH respirator. Respirator should be selected by and used under the direction of a trained health and safety professional following requirements found in OSHA's respirator standard (29 CFR 1910.134), CAN/CSA-Z94.4 and ANSI's standard for respiratory protection (Z88.2).
Thermal hazard:	Wear appropriate thermal protective clothing, when necessary. Not applicable.
General hygiene considerations:	Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants. When using do not eat or drink.

9: PHYSICAL AND CHEMICAL PROPERTIES

Physical State:	Liquid
Appearance:	Liquid
Physical state:	Liquid
Form:	Liquid
Colour:	Clear yellow to Amber
Odour:	Slight
Odour threshold:	Not available
pH:	Not available
Melting point/freezing point:	Not available
Initial boiling point and boiling Range:	Not available
Flash point:	> 93.3 °C (> 199.9 °F) Pensky-Martens Closed Cup
Evaporation rate:	Not available.
Flammable Limits-lower (%):	Not available.
Flammability Limit-upper (%):	Not available.
Explosive limit - lower (%):	Not available.
Explosive limit - upper (%):	Not available.
Vapour pressure:	Not available.
Vapour density:	Not available.
Relative density:	0.89 @ 20°C
Solubility in water:	Dispersible
Partition coefficient (n-octanol/water):	Not available.
Autoignition Temperature (°C):	Not available.
Decomposition temperature:	Not available.
Viscosity:	Not available.
Other information:	Not explosive. Not oxidizing.

10: STABILITY AND REACTIVITY

Reactivity/Chemical stability:	The product is stable and non-reactive under normal conditions of use, storage and transport. Material is stable under normal conditions.
Conditions to avoid:	Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. Do not mix with other chemicals.
Incompatible materials:	Strong oxidizing agents. Strong acids. Strong bases.
Hazardous decomposition products:	May include and are not limited to: Oxides of carbon.
Possibility of hazardous reactions:	No dangerous reaction known under conditions of normal use.

11: TOXICOLOGICAL INFORMATION

Information on likely routes of exposure

Inhalation:	No adverse effects due to inhalation are expected.
Skin contact:	Causes skin irritation.
Eye contact:	Causes serious eye damage.

Ingestion: May cause stomach distress, nausea or vomiting.

Symptoms related to the physical, chemical and toxicological characteristics: Severe eye irritation. Symptoms may include stinging, tearing, redness, swelling, and blurred vision. Permanent eye damage including blindness could result. Skin irritation. May cause redness and pain.

Information on toxicological effects:

Acute toxicity: Not known.

Chemical Name	LD50Oral	LD50Dermal
IPCO MSO Adjuvant	Rat: > 5000 mg/kg, Tested	Rabbit: > 5000 mg/kg, Tested

Skin corrosion/irritation: Causes skin irritation.

Exposure minutes: Not available.

Erythema value: Not available.

Oedema value: Not available.

Serious eye damage/eye irritation: Causes serious eye damage.

Corneal opacity value: Not available.

Iris lesion value: Not available.

Conjunctival reddening value: Not available.

Recover days: Not available.

Respiratory sensitization: Not a respiratory sensitizer.

Skin sensitization: This product is not expected to cause skin sensitization.

Germ cell mutagenicity: No data available to indicate product or any components present at greater than 0.1% are mutagenic or genotoxic.

Carcinogenicity: Not classified.

Reproductive toxicity: This product is not expected to cause reproductive or developmental effects.

Specific target organ toxicity-single exposure: This product is not expected to cause reproductive or developmental effects. Not classified.

Specific target organ toxicity-repeated exposure: Not classified.

Aspiration hazard: Not an aspiration hazard.

Chronic effects: Prolonged inhalation may be harmful.

Further information: Not available.

12: ECOLOGICAL INFORMATION

Ecotoxicity: Not available.

Persistence and Degradability: No data is available on the degradability of any ingredients in the mixture.

Bioaccumulative potential: No data available.

Mobility in soil: No data available.

Mobility in general: Not available

Other adverse effects: No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this component.)

13: DISPOSAL CONSIDERATIONS

Disposal instructions: For information on disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial

regulatory agency in case of a spill, and for clean up of spills.

FOR DISPOSAL OF PLASTIC JUGS: Do not reuse this container for any purpose. This is a recyclable container, and is to be disposed of at a container collection site. Contact your local distributor/dealer or municipality for the location of the nearest collection site. Before taking the container to the collection site.

1. Triple- or pressure-rinse the empty container. Add the rinsings to the spray mixture in the tank.

2. Make the empty, rinsed container unsuitable for further use. If there is no container collection site in your area, dispose of the container in accordance with provincial requirements.

FOR REFILLABLE CONTAINERS: For disposal, this container may be returned to the point of purchase (distributor/dealer). It must be refilled by the distributor/dealer with the same product. Do not use this container for any other purpose. If the container is not being refilled, refer to the section **FOR DISPOSAL OF PLASTIC JUGS**.

EMERGENCY TELEPHONE NUMBER: All hours, 613-996-6666 or 1-888-CAN-UTEC (226-8832).

Local disposal regulations:

Dispose in accordance with all applicable regulations.

Hazardous waste code:

The waste code should be assigned in discussion between the user, the producer and the waste disposal company

Waste from residues / unused products:

Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions).

Contaminated packaging:

Since emptied containers may retain product residue, follow label warnings even after container is emptied. Empty containers should be taken to an approved waste handling site for recycling or disposal.

14: TRANSPORT INFORMATION

General:

Canada: TDG Proof of Classification: Classification Method: Classified as per Part 2, Sections 2.1 – 2.8 of the Transportation of Dangerous Goods Regulations. If applicable, the technical name and the classification of the product will appear below.

Transportation of Dangerous Goods (TDG - Canada):

Not regulated as dangerous goods.

15: REGULATORY INFORMATION

Canadian federal regulations:

This product is not subject to the Hazardous Products Act (HPA) Part II (Hazardous Products) as per paragraph 12(j); Schedule 1 (Non-Application of Part II).

This restriction states that Part II does not apply in respect of the sale or importation of anything listed in Schedule 1 which includes any pest control product as defined in subsection 2(1) of the Pest Control Products Act, any explosive as defined in section 2 of the Explosives Act, any cosmetic, device, drug or food, as defined in section 2 of the Food and Drugs Act, any consumer product as defined in section 2 of the Canada Consumer Product Safety Act and any wood or product made of wood.

Read the approved PCPA label prior to using or handling the pest control product.

This chemical is a pest control product registered by Health Canada Pest Management Regulatory Agency and is subject to certain labelling requirements under the Pest Control Products Act. These requirements differ from the classification criteria and hazard information required for GHS-consistent safety data sheets. Following is the hazard information required on the pest control product label:

DANGER - SKIN AND EYE IRRITANT Warning, contains the allergen soy.

READ THE LABEL BEFORE USING. KEEP OUT OF REACH OF CHILDREN.

REG. NO. 33757 PEST CONTROL PRODUCTS ACT PRECAUTIONS:

HANDLING: During mixing, loading, application, spill clean-up and sprayer clean-up, maintenance or repair, wear coveralls over a long-sleeved shirt, long pants, chemical-resistant gloves, socks and chemical-resistant footwear. In addition, wear protective eyewear (goggles or face shield) during mixing and loading. Severely irritating to the eye. DO NOT get in eyes. Causes skin irritation. DO NOT get on skin. Wash thoroughly with soap and water after handling. Avoid breathing spray mist. Store away from food or feed. Do not contaminate water supplies, wetland areas, or any body of water by direct application, spray drift or when cleaning and rinsing spray equipment or containers.

When applied as a tank-mix combination, read and observe all label directions, including rates, personal protective equipment, restrictions and precautions for each product used in the tank-mix. Always use in accordance with the most restrictive label restrictions and precautions.

RESTRICTED ENTRY: Workers must not enter treated fields within the restricted entry interval stated on the label of the pesticide applied in conjunction with IPCO MSO Adjuvant.

Export Control List (CEPA 1999, Schedule 3):

Not listed.

Greenhouse Gases:

Not listed.

Precursor Control Regulations:

Not regulated.

WHMIS status:

Exempt - Registered product - (PCP 33757)

Inventory status:

Country(s) or region	Inventory name	On inventory (yes/no)
Canada	Domestic Substances List (DSL)	Yes
Canada	Non-Domestic Substances List (NDSL)	No

*A 'Yes' indicates that all components of this product comply with the inventory requirements administered by the governing country(s)

NFPA & HMIS Hazard Ratings

NFPA		LEGEND		HMIS	
3	Health	Severe	4	3	Health
1	Flammability	High	3	1	Flammability
0	Physical hazard	Moderate	2	0	Physical hazard
		Slight	1	X	PPE
		Least	0
